

Advanced Software Engineering - Group 3

1st Meeting - Friday 2nd October 11:00am

Items Discussed & Actions Performed

- A. Introduced ourselves in the group.
- B. Discussed the previous lab exercise about setting up GitHub and where we were in terms of progress.
- C. Set up group project's GitHub page: <https://github.com/ASEG3>.
- D. Added each member to the GitHub group.
- E. Worked on installing both command line tools and desktop versions of Git.
- F. Practised pulling, pushing, commenting and committing files to/from the repo.
- G. Talked about roles within the group:
 - 1. Each member will be assigned a role they wish to have based upon their desires and prior experience.
 - 2. Matthew Weller is now assigned as project manager/group leader.
- H. Regular meetings have been scheduled to take place every Friday 11:00am.
- I. Meeting Closed.
